A Loving, Forgiving Church

If you or someone you know has been wounded by abortion, you are well aware that abortion is one of the most traumatic experiences a person can have.

Fear, anxiety, guilt, panic and pressure both before and after the abortion, are common and often overwhelming feelings not only for the woman who undergoes an abortion, but also for the father of the unborn child, the grandparents, close friends, even medical personnel.

For members of the Catholic faith, the pain of abortion is intensified by a sense of alienation from both God and Church. What you need to know and believe is that your Church understands and cares. Healing and reconciliation are rooted in the overpowering love of Jesus Christ and reflected in the heart of the Church's ministry. As Church, we reach out to you with compassion, concern and sacramental forgiveness.
